RENO WAS FOUND GUILTY OF MURDER IN SECOND DEGREE

Jury Recommends Him to the Mercy of the Court

MAY ASK FOR NEW TRIAL

Carmelo Reno, of Charleroi on trial for murder in the Washington county courts, was found guilty Thursday night of murder in the second degree and recommended to the mercy of the court. An agreement was reached by the jury at 7:30 o'clock in the evening.

The case had gone to the jury about the middle of the afternoon, and Judge Bell, before whom the case was tried, said he would be available until midnight to receive a verdict. The jury later had a communication for the court and court was called about 7 o'clock. After the jury had been instructed as to the question they asked the twelve men returned to the jury room. An agreement was reached very shortly thereafter.

Sentence as not pronounced on the defendant and he was remanded to jail. If sentence is to be imposed he will likely be called on Monday. However, D. M. McCloskey, attorney for the defendant, gave notice Thursday evening that he might file a motion for a new trial. In that case sentence will not be imposed now.

On Thursday Reno took the stand in his own defense. He claimed to have acted in self defense. He testified that he did not fire the shot which it is alleged killed Lewis until after he believed his own life was in danger. He said that at the time he pulled his gun and fired he was lying prone on his back and that a number of negroes, who had come out of the Lewis house had set upon him, were making threats against him, and had badly beaten him about the face and body. It was then that he resorted to the gun and in that scrap Lewis received a fatal wound.

The commonwealth closed its case Wednesday after a number of witnesses had been called. The most of these were colored men, who were at the Lewis home the night of the murder, where they had been taking part in a gambling game. They claimed that Reno came to the house in an intoxicated condition and attempted to force his way into the place, which caused the trouble and which later resulted in the death of Lewis.

THESE HUSBANDS MUST GO TO WAR

Five prisoners serving sentence in the city house of correction of Charleroi for misdemeanors, were arraigned before a magistrate in the court of domestic relations on Wednesday, and were offered their choice of terms in prison or enlisting in the army. They all chose the army. The men were convicted of non-support, desertion and similar offenses.

MAIL'S TOBACCO FUND STILL OPEN

The Mail's tobacco fund has been stationary for the past two days and remains at $193.75. We had hoped to see it reach $200 before this, but evidently our people have been so concerned in the Y. M. C. A. fund that the tobacco contributions have been overlooked. However, we are still ready to receive any and all further contributions that any one may wish to give, in order that the boys in France may have their usual amount of smokes. The boys are preparing for active service, and a smoke will be one of the things they can enjoy, even while one active duty in the trenches. Let us give the smoke fund another boost.

FEDERAL OFFICERS DISCHARGE SUSPECTS

U. B. Ciccone of 17 Charlton street New York and Charles DeFaber of 253 Broadway, New York, who were arrested by the local police about two weeks ago as suspicious characters and later sent to Pittsburg for examination by the federal authorities, were discharged Monday morning last at 9:30. After going over the papers of the two men, as well as making inquiries at different points throughout the country, the federal officials could find nothing of a suspicious nature against the men and they were discharged.

Ciccone was in Charleroi Wednesday afternoon and explained that he had been a former resident of the town, that he knew many of the leading citizens of the community some years ago and made some complaint of the treatment he received at the hands of the local police officials. According to Ciccone's story there was nothing the federal officials could find against them, the investigation being conducted by Bernard B. McGinniss, assistant district attorney of Pittsburg. Ciccone returned to the Monongahela valley to finish up some work he was engaged in when arrested by the local police, while DeFaber returned to New York.

Charleroi's Game With Johnstown Cancelled

The Charleroi high school team was to play the Johnstown team on Saturday. The game was cancelled on Wednesday evening, when Johnstown attempted to impose new conditions which would have made it a losing proposition for the Charleroi boys to have made the trip.

When the game was proposed between the two teams, the Johnstown club offered Charleroi expenses and one meal for 16 men. To this Prof. Grimm agreed and asked the Johnstown officials to send on a signed contract. On Wednesday the principal of the Johnstown high school telephoned Prof. Pollock of the Charleroi schools and offered in lieu of their first proposition $100 flat to the Charleroi team, they to pay their own expenses. Prof. Grimm being called into consultation, and the proposition being made at that time made a calculation which showed that it would require about $150 to take the team to Johnstown for the game. The proposition was therefore refused. The Johnstown authorities said they Monessen was willing to take $100 and make the trip, and as Charleroi refused the offer, Monessen will go to the city on the Conemaugh Saturday to try conclusion with the Johnstown boys. Unless Charleroi can secure a team to play here, or even abroad, there will be no game this Saturday for the locals. In the meantime they are keeping in good shape for the game with Donora on Thanksgiving. This game will be played in Donora and will be the most important football event of the day in the Monongahela valley.

TO BUILD HOMES FOR WORKERS

The Pittsburg Steel Company has purchased the last of the old McMahon farm situated in Monessen and it is intimated that some important developments will take place next spring. The tract comprises about seven and one-half acres of ground in what is known as "Belle Voir," near Third street. J. Marr McMahan, who had previously purchased the interests of the other heirs in the property, made the sale to the steel company. It is said the reason for the steel company buying the property is to erect thereon a large number of concrete houses similar in construction to the ones recently completed for the American Steel and Wire company in Donora a short time ago. These houses would be rented to the workmen of the steel company.

ACCIDENT DUE TO ERROR OF JUDGMENT

The coroner's jury which inquired on Tuesday into the death of Frank Briggs and John Kirk, killed on the 16th in an accident at the Eclipse mine near Roscoe found that the accident was due to an error of judgment on the part of the snapper failing to set a sufficient number of brakes and the switch boy in opening the dead latch, so that the cars ran on to the main track. The jury further recommended that a distinguishable light, preferably a red light, be carried on the rear end of every trip.

WOMAN'S PART IN THE LIBERTY LOAN

Mrs. L. S. Vowell of Washington director of the Liberty Loan Department of the Washington county woman's committee of the Council of National Defense has completed her report of the work accomplished by the department in connection with the second Liberty Loan campaign. The report shows that a total of $879,700 was subscribed by 2,270 women through the efforts made by the woman's committee, under Mrs. Vowell's leadership.

These figures very probably do not represent all the women who took bonds, nor the total amount subscribed by them, as many subscriptions were made through banks outside of this county, though the work of soliciting and education was done by Washington county women. This is true of some of the towns down in the river section and along the Panhandle.

The woman's committe was very active during the whole of the campaign and especially during Woman's Week. The Liberty Loan was presented at 35 different meetings of women throughout the county. The Seventh ward school children of Washington, took out a $50 bond for use of the Citizens library, the principal to go to the library at maturity.

Mrs. Vowell who is permanent director of the Liberty Loan campaign for this county is very much gratified at the showing made by the women and grateful for the assistance rendered her in the work by the various committees and chairmen. The detailed report showing the results of the women's efforts follows:

STEAMBOAT PRICES ARE SOARING TO HIGH FIGURES

Scarcity of Steamers and Barges for Fuel Transportation

DEMAND IS INCREASING

Steamboat trading in the Pittsburg district these war times it is said rivals the tales from the "Arabian Nights," and fortunes are said to be made over night. Steamers on the local river are scarce, and scouts who have been on the lookout for same to be brought to the Pittsburg district are unable to purchase a small number. Prices for available boats are soaring and it is said that an enterprising man here recently dropped an option on a steamer, the price of the boat was raised $1,000 within five minutes. Last February a steamboat was purchased for the Pittsburg district for $9,000 which a few days ago sold for $18,000. And it is said, while this price is a high figure, boats are hard to get at that.

It is known that a number of large industrial concerns are on the hunt for steamboats and barges, to enter them in the Monongahela river coal trade, in order to take care of their fuel supply. Heretofore many of these plants have been depending on the railroad for fuel, but the service during the past few months has been so restricted that they have determined to enter the river trade if they can secure boats and barges to transport the coal. The fuel supply problem is a serious one at this time and is causing a great deal of apprehension on the part of mill owners.

SUMMER MIDLAND NOW IN COMMISSION

The steamer [illegible] of the Charleroi Fuel Company, in charge of Capt. T. H. Hudson on Wednesday made a trial trip in the Pittsburg harbor and was pronounced to be one of the best boats of her class in service on the local rivers. The Midland will immediately enter the towing trade in the Monongahela.

ST. JEROME'S BAZAAR ALL NEXT WEEK

Everything points toward a successful time for the grand bazar to be given by the ladies of St. Jerome's church, in the basement of the church every evening next week beginning at 7:30.

Owing to the conservation of food it was decided not to hold the ten party this year but to have a bazaar instead.

The ladies have worked hard for the success of the affair and it is hoped for a liberal response to their efforts.

The variety of things to be on sale are too numerous to mention. The proceeds will be turned over to the church.

There will be some form of amusement furnished each evening.

PLAN TO ORGANIZE NEW PACKET COMPANY

Plans for organizing a packet company to operate between Pittsburg and Parkersburg, W. Va., to relieve freight congestion on the railroads, will be discussed at a meeting of representatives of Boards of Trade in the Ohio valley between Pittsburg and East Liverpool, Ohio. The meeting will be held in Wheeling, W. Va., on Monday next and will be attended by United States Engineers as well as prominent business men of all the towns in the territory affected by the proposed packet line.

JOHN RAISES SOME SPLENDID CORN

John Molinetto of 601 Shady avenue, who had crops on the Smith farm in Fallowfield township last summer, brought three ears of corn to the Mail office Thursday evening which John says is fit food "for both man and beast." The corn grows on a long slender cob, and is of the satin variety, with large well formed ears. If John can raise other farm products as well as he can raise corn he is certainly some farmer.

SHOWING THEIR APPRECIATION

Men who have volunteered from the ranks of the United States in the war could show their appreciation of this fact in no better or appropriate way than by subscribing liberally to the various war activities which are just now appealing to the people of the United States for support. While it is true that exemptions and discharges have been automatically suspended by the recent orders of the Provost Marshal, yet those who have been relieved for reasons will not likely be called for active service in the fighting forces of the United States, except in the greatest of emergencies.

For the time being they have been relieved of duty of a military character and they could manifest their gratitude in no better manner than by liberal contributions to such undertakings as the Red Cross, the Y. M. C. A. and kindred associations which have been doing so much for the men who are now in the service of the United States.

People are apt to place a man's valuation at his own figures. When a man is exempted ordischargedfrom service some other man must take his place. The stepping aside of one individual means that another must occupy the position he vacated. This being true, those who have been permitted to stand aside from military service should be willing to make as much a sacrifice as the man who has been called in their place. At least they should express by their actions and their subscriptions just how much they appreciate the fact that some other man occupies the place in the ranks it was originally intended they should fill.

MARY PICKFORD AT COYLE TODAY

Mary Pickford's picture, "The Little Princess," from the story by Frances Hodgson Burnett, which will be seen at the Coyle Theatre today is a reminder that Christmas is coming and that the well known shopping for the children must soon commence. Christmas trees, roast turkeys, presents, dolls and candy figure prominently in the incidents of the picture. When the Christmas tree is decorated in Miss Minchin's London boarding school, Mary Pickford as Sara Crewe is enacting the humble role of maid-of-all work at the establishment, having been relegated to that position from that of one of the well cared for pupils when her father died and left her penniless.
